

Dave Robb . An Old Spot regular.

A selection of Dave's photos are below.

Dave Robb, well known to many not only as a great drummer, but also as an astounding photographer. Dave sadly passed away at the tender age of 26 while studying at University. He is missed by all of his many friends.

Below are some photos reproduced with the kind permission of of his brother and sister; Graeme & Nancy. The photos went to make up the Old Spot calendar for 2004 and are a fine example of his work. Clicking on each image will take you to a larger version. Take time to savour what Dave was trying to say with each shot.

His passing is a great loss to us all.
